# Introduction

Daryl De Leon Taylor, racing as **Daryl De Leon**, is a British-Philippine professional racing driver competing at the top level of motorsport.

In the 2025 British Touring Car Championship, Daryl delivered a successful season securing race wins, podium finishes, pole positions and the BTCC Rookie Championship. With over 12 years of racing experience, he has earned more than 200 trophies throughout his career.

For 2026, Daryl plans to race in the **GT2 European Series** and aims to make history by becoming the **GT Academy winner** and a **European Champion**. This programme is designed not only to compete at the highest level and progress his career, but also to create meaningful value and growth for commercial partners.

The championship offers strong media coverage, large audiences and international reach, which provides an effective platform for brands looking to grow their presence. We are now seeking partnerships with ambitious companies that share a drive for success and we invite you to consider the following proposal.

# Daryl's Timeline

2008: First kart experience at age 3

2013 to 2021: Returned to karting + 8 years of success at the highest level both national and international (Iame, Rotax, Honda Cadet)

2021: Car racing debut in Radical SR1 Championship

2022: Radical British & World Champion, GB4 Podium, X2 Asia Touring Car Podiums

2023: Overall British Endurance Champion (Porsche 911.1 Cup Car), Scholarship Winner, BTCC Debut

2024: BTCC with Unlimited Motorsport, Multiple Rookie Podiums

2025: BTCC with BMW/ West Surrey Racing, Rookie Champion, Maiden race win + podiums & pole positions, BRDC Rising Star, Porsche GB Junior Finalist

2026: GT2 European Series with NM Racing

**World  
Champion**

**3x British  
Champion**

**BRDC  
Rising Star**

**12+ years in  
Motorsport**

# The Opportunity

By partnering with Daryl, you will support his goals of becoming the **GT Academy Winner** and a **European Champion**.

With Daryl's plans of racing in Europe, partners will benefit from **strong investment value** as there is **long term opportunity** by partnering with Daryl. He aims to compete in world championships and major events such as WEC, IMSA, Le Mans and Daytona.

The GT2 European Series is the perfect championship for determined racing drivers like Daryl to progress towards their dreams of becoming a fully fledged **factory driver**.

Are you an ambitious business looking to grow your brand and support us as we aim to **write history** in motorsport?

## The Championship

The **GT2 European Series** presents a powerful platform for brands to engage with the excitement of European GT racing.

Promoted by the globally respected **SRO Motorsports Group**, the championship is one of the fastest growing categories in international GT racing. The grid features spectacular GT2 machinery from global manufacturers including **Mercedes**, Porsche, Audi, Lamborghini, Ginetta, Ligier and KTM.

The racing takes place at some of Europe's most **iconic circuits** with four current Formula 1 venues and the grid is equally as impressive as five former Formula 1 drivers have raced in the GT2 European Series.

For rising drivers like Daryl, the series represents a genuine career pathway. Through the newly launched **SRO GT Academy**, the top FIA Silver rated driver will earn a fully funded seat in the 2027 **GT World Challenge**, supported by Mercedes. Just like in the Gran Turismo movie, Daryl is aiming to follow in the footsteps of Jann Mardenborough by seizing a unique opportunity that will hopefully project him as a successful racing driver.

For partners, this creates a unique opportunity to support a driver at a pivotal stage of his career and grow alongside him as he climbs the ladder of motorsport.

See the next slide for key statistics on the GT2 European Series.

## GT2 European Series Key Statistics

- Specialized SRO Motorsport Series
- 10 endurance races per season
- Decent and growing grid size
- 5 famous racing circuits
- Projected reach of 1.17 billion impressions
- 250,000+ live spectators
- 26+ hours of track time
- 850k subscribers on GT World YouTube
- 500k live stream views
- 7 manufacturers
- Motorsport series with a sustainable focus
- 4L turbocharged engine (700bhp)
- 24H Spa Speedweek with the famous parade
- VIP hospitality with B2B opportunities

# The Team

Founded by Nil Montserrat in 2015, NM Racing is a successful Mercedes customer racing team based in Spain. They first started in karting but also have experience in Formula 3, Le Mans Prototypes, Touring Cars and of course GT cars.

Nil Montserrat is a very successful racing driver who is known for bringing up and mentoring drivers into full professionals. Daryl went to test their GT2 Mercedes and was very impressed with the level of the team's operation and the amount of knowledge they had with the race car.

After fighting for the GT2 Championship in 2025, NM Racing will definitely be one of the favourites for the 2026 campaign. Nil's aim is to have a strong silver line up to both compete and **go for gold** this time around.

# Branding Opportunities

Imagine your business logo seen by **millions worldwide**. The car, overalls and the helmet are only just some of the key branding opportunities available as the possibilities are truly endless.

This is your chance to become part of the story.

# Partnership Benefits

Every partnership is customised to meet your requirements. If there's anything we can do to provide you with return on investment, we are happy to discuss how we can make that happen.

## **The Benefits Typically Include**

- *Display of business branding on the car, garage boarding, race trucks, toolboxes, pit equipment, water bottles, you name it*
- *Business logo on driver overalls, race suit, helmet, social media graphics*
- *B2B connections*
- *Dedicated social media posts*
- *High quality media packages and content creation*
- *Corporate track experiences can be organized for company employees and clients*
- *VIP hospitality at the race meetings can also be organized. (This includes circuit entry, tours, food, drink and etc)*
- *Passenger rides around famous racing circuits*
- *Media coverage on YouTube (approx. 850k subscribers on GT World channel)*

# Partnership Info

By becoming a partner with me, you are positioning your business in the **spotlight of European GT Motorsport**. From the start of the season at Monza to the Championship finale at Portimão, you will be there for every step of the journey.

I will make sure there's clear and consistent **communication** with all my partners and with the support of a dedicated marketing manager, you will be well looked after both at the circuits and away from them.

Whether you are interested in a starter package or full title sponsorship, we can work together to craft an effective marketing campaign that aligns perfectly with your **business goals**.

## ***Partnership Opportunity***
